c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

The Fort Bliss Unclassified-Installation Campus Area Network (FBL5 U-ICAN) provides unclassified communications to the Fort Bliss garrison and tenant activities. The user workstations are primarily used to access local Command, Control, Communications, and Computer Information Management (C4IM) services, which provides end user connectivity to local services such as data storage and voice capability, enterprise services such as Department of Defense Information Network-Army (DoDIN-A) web services and email, and the Internet. The FBL5 U-ICAN contains PII that is primarily collected to support user access requests. Other PII, such as personnel evaluations, personnel security clearances, and personnel resource management actions from on-line databases may be stored on individual user workstations and server shares on the ICAN.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

AR 25-2 mandates PII collection to grant system access. AR 690-400 and AR 623-3 mandate PII collection for civilian evaluations and military evaluations, respectively. PII is required to identify individuals and authorize access to information systems.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

All DD Form 2875 entries are required before access to information systems is authorized per DoD regulation.

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

When individuals sign the DD Form 2875 requesting access, they are consenting to the use as stated under the Privacy Act. When users login to personnel evaluation systems, DCPDS, or other DoD & Army websites to collect, use, or process PII, the user must acknowledge the Privacy Act Statement.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

Yes No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dp added.defense.gov/> Privacy/SORNs/ or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

A SORN is not required for this system.

I. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?

(1) NARA Job Number or General Records Schedule Authority.

(2) If pending, provide the date the SF-115 was submitted to NARA.

(3) Retention Instructions.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
 - (a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
 - (b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
 - (c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

A SORN is not required for this system. DOD 8500.1, Cybersecurity, DODI 8510.01 Risk Management Framework for DoD Information Systems, AR 25-2 Information Assurance, and Access Control management requirements require collection of PII in order to authorize access to Information Systems.

n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information. This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.
